RV COMPOSITE PANELS

AZDEL
ONBOARD®

We use AZDEL ONBOARD® composite panels in place of lauan plywood during your RV's exterior sidewall construction.

RV Sidewall Cut-Away
(Exploded View)

The panels are produced using a patented blend of polypropylene and fiberglass to create technologically superior walls that will help extend the life of your RV.

A DIVISION OF FOREST RIVER

How Do AZDEL ONBOARD® Composite Panels Improve Your RV's Construction & Performance?

Weight matters. Half the weight of lauan plywood means easier towing & better fuel efficiency

Water & moisture resistant. No mold, mildew, warping or rot!

Unaffected by freezing and warming cycles, helping to prevent delamination

No formaldehyde or other toxic chemicals or materials

Superior sound-absorbing material offers better noise reduction; 2.5X NRC of wood

Sustainable; no deforestation occurs for its production

Superior thermal insulating properties

Longer RV Life means more value from your investment
